

3rd International Summit on
**NON-RENEWABLE AND
RENEWABLE ENERGY**

ABOUT ISNRE2025

Spectrum Conferences is delighted to invite you to the 3rd International Summit on Non-Renewable and Renewable Energy (ISNRE2025), scheduled to take place from September 08-10, 2025 in Frankfurt, Germany.

Building on the success of the previous two editions, this summit promises to be even more insightful and influential as we continue to address the evolving challenges and opportunities in the energy sector. As global efforts to transition toward sustainable energy sources accelerate, ISNRE2025 will serve as a key platform for pioneering discussions on the latest advancements in non-renewable and renewable energy. This gathering will bring together leading researchers, industry leaders, policymakers, and energy professionals from around the world to explore emerging trends, innovative technologies, and solutions shaping the future of energy.

Over the course of three engaging days, attendees will have the opportunity to participate in thought-provoking keynote presentations, in-depth panel discussions, interactive workshops, and networking sessions. ISNRE2025 will also provide a unique platform for sharing research, exchanging ideas, and fostering meaningful collaborations that push the boundaries of energy innovation.

We look forward to welcoming you to Frankfurt, Germany for an exciting and impactful summit!

- The ISNRE2025 Summit offers technical presentations by the world's most influential minds and engineers in the fields of Non-Renewable and Renewable Energy.
- It also features compelling plenary talks on the industry's most important issues by most influential minds in the field, aimed at students and young professionals, and a manufacturer's exhibition.
